1. The accompanying unaudited consolidated condensed financial statements include the accounts of the Corporation and its subsidiaries after elimination of intercompany accounts and transactions. These statements reflect all adjustments which are, in the opinion of management, necessary for a fair presentation of the information contained herein. All such adjustments were of a normal and recurring nature.

2. Interest expense, net consisted of the following:

	For the Three Months Ended	
	April 2, 1995	April 3, 1994

3. Income per share has been computed based on the weighted average number of shares of the Common Stock and the Class B Common Stock outstanding during the period. Average shares outstanding during the first quarter were 86,728,387 in 1995 and 87,413,699 in 1994. There were no shares of Preferred Stock outstanding during the periods presented.

A total of 3,476,230 shares of Common Stock have been repurchased under a share repurchase program of which 3,212,230 shares were held as Treasury Stock as of April 2, 1995.

4. The majority of inventories are valued under the last-in, first-out (LIFO) method. The remaining inventories are stated at the lower of first-in, first-out (FIFO) cost or market. Inventories were as follows:

	April 2, 1995	December 31, 1994
	(in thousands of dollars)	
Raw materials	\$318,109	\$234,317
Goods in process	32,151	28,680

Adjustment to LIFO	(84,685)	(64,567)
Total inventories	\$512,045	\$445,702

5. Restructuring Charge

In the fourth quarter of 1994, the Corporation recorded a pre-tax restructuring charge of \$106.1 million following a comprehensive review of domestic and international operations designed to enhance performance of operating assets by lowering operating and administrative costs, eliminating underperforming assets and streamlining the overall decision-making process. The charge of \$106.1 million resulted in an after-tax charge of \$80.2 million or \$.92 per share in 1994.

The restructuring charge and its subsequent utilization is summarized below (in thousands of dollars):

	Total Charge	Utilized as of Year-End 1994	Utilized in Current Period	Remaining Reserve
Employee severance benefits	\$ 34,269	\$ (4,239)	\$(4,754)	\$25,276
Loss on disposal of businesses	39,100	(653)	58	38,505
Product line discontinuations	17,533	(15,166)	(2,799)	(432)
Consolidation of operations and disposal of machinery and equipment	15,203	(3,992)	(2,463)	8,748
Total	\$106,105	\$(24,050)	\$(9,958)	\$72,097

The charge for employee severance benefits was associated with the elimination of approximately 500 positions in the manufacturing, technical and administrative areas at both domestic and international operations. Approximately 60% of the charge was non-cash. During the first quarter of 1995, non-cash charges to accrued restructuring reserves were \$2.3 million. Operating cash flows will be used to fund any severance or other cash items.

6. Financial Instruments

The carrying amounts of financial instruments including cash and cash equivalents, accounts receivable, accounts payable and short-term debt approximated fair value as of April 2, 1995 because of the relatively short maturity of these instruments. The carrying value of long-term debt, including the current portion, approximated fair value as of April 2, 1995, based upon quoted market prices for the same or similar debt issues.

As of April 2, 1995, the Corporation had foreign exchange forward contracts maturing in 1995 and 1996 to purchase \$25.3 million in foreign currency, primarily Canadian dollars, and to sell \$7.2 million in foreign currency, primarily Japanese yen, at contracted forward rates. Additionally, the Corporation had purchased foreign exchange options of \$11.6 million and written foreign exchange options of \$10.9 million, principally related to British sterling. As of April 2, 1995, the fair value of foreign exchange forward and options contracts approximated carrying value. The Corporation does not hold or issue financial instruments for trading purposes.

7. Reference is made to the Registrant's 1994 Annual Report on Form 10-K for more detailed financial statements and footnotes.

Results of Operations - First Quarter 1995 vs. First Quarter 1994

Consolidated net sales for the first quarter fell from \$883.9 million in 1994 to \$867.4 million in 1995, a decrease of 2% from the prior year. The lower sales primarily reflected soft sales of existing domestic confectionery brands and the discontinuance of the Corporation's refrigerated pudding line in late 1994. These decreases were partially offset by incremental sales from new confectionery products, the introduction of confectionery brands in new international markets and modest pasta selling price increases.

The consolidated gross margin increased from 40.4% in 1994 to 42.0% in 1995. The increase was primarily the result of manufacturing efficiency improvements and selling price increases, partially offset by higher costs for certain major raw materials and increased depreciation expense. Selling, marketing and administrative expenses decreased by 3%, due to lower levels of promotion expenses primarily related to the sales volume decline, and lower administrative expenses. These decreases were partially offset by increased advertising expense for existing confectionery brands.

Net interest expense in the first quarter of 1995 was \$1.6 million above the comparable period of 1994 as higher short-term interest expense and decreased capitalized interest were only slightly offset by lower fixed interest expense and higher interest income. The 1995 increase in short-term interest reflected higher average short-term borrowing rates, partially offset by lower borrowing levels. A cumulative decrease in expenditures qualifying for interest capitalization resulted in lower capitalized interest in 1995.

The first quarter effective income tax rate increased from 39.8% in 1994 to 40.2% in 1995. The higher rate in 1995 was due primarily to changes in the mix of the Corporation's income among various tax jurisdictions.

Financial Condition

Historically, the Corporation's major source of financing has been cash generated from operations. Domestic seasonal working capital needs, which typically peak during the summer, generally have been met by issuing commercial paper. During the first three months of 1995, the Corporation's cash and cash equivalents decreased by \$1.7 million. Cash provided from operations was sufficient to finance capital additions of \$33.0 million, pay cash dividends of \$27.7 million, reduce short-term borrowings by \$12.7 million, repay long-term debt of \$5.4 million and fund share repurchases of \$1.2 million. The increase in cash provided from operations versus 1994 reflected changes in accounts receivable balances and the timing of income tax payments.

The ratio of current assets to current liabilities was 1.2:1 as of April 2, 1995 and December 31, 1994. The Corporation's capitalization ratio (total short-term and long-term debt as a

percent of stockholders' equity, short-term and long-term debt) was 24% as of April 2, 1995, and 25% as of December 31, 1994. As of April 2, 1995, the Corporation had \$25.0 million of cash and cash

equivalents, \$3.1 million of current portion of long-term debt and \$304.0 million of short-term debt. As of April 2, 1995 the Corporation had lines of credit with domestic and international commercial banks in the amount of approximately \$525 million which could be borrowed directly or used to support the issuance of commercial paper.

In the fourth quarter of 1994, the Corporation recorded a pre-tax restructuring charge of \$106.1 million (\$80.2 million after-tax or \$.92 per share). The restructuring program is expected to be completed in 1995 and result in annual savings of approximately \$18.0 million starting in 1996.

As of April 2, 1995, \$100 million of debt securities remained available for issuance under a Form S-3 Registration Statement which was declared effective in June 1990 and an additional \$400 million of debt securities under a Form S-3 Registration Statement declared effective in November 1993. Proceeds from any offering of the \$500 million of debt securities available under these shelf registrations may be used to reduce existing commercial paper borrowings, finance capital additions, and fund a share repurchase program and future business acquisitions.

As of April 2, 1995, the Corporation's principal capital commitments included manufacturing capacity expansion and modernization. The Corporation anticipates that capital expenditures will be in the range of \$125 million to \$175 million per annum during the next several years as a result of continued modernization of existing facilities and capacity expansion to support new products and line extensions.

A total of 3,476,230 shares of Common Stock have been repurchased for approximately \$172.8 million under a share repurchase program. As of April 2, 1995, 3,212,230 shares were held as Treasury Stock.

Items 1 through 3 and 5 have been omitted as not applicable.

HERSHEY FOODS CORPORATION

ARTICLE I - STOCKHOLDERS

Section 1. ANNUAL MEETING. The annual meeting of stockholders shall be held on the last Monday in the month of April, in each year, or, if that day be a legal holiday, on the next succeeding business day not a legal holiday, or on such other date as may be fixed by the Board of Directors and stated in the notice of the meeting. At the annual meeting, the stockholders shall elect directors and transact such other business as may properly be brought before such meeting.

Section 2. SPECIAL MEETINGS. A special meeting of the stockholders may be called by the Board of Directors, the Executive Committee of the Board of Directors or by stockholders holding in the aggregate at least twenty-five percent of the outstanding votes entitled to be cast by holders of the Common Stock and the Class B Common Stock voting together without regard to class on the date such meeting is called.

Section 3. PLACE OF MEETINGS. All meetings of the stockholders shall be held at such places, within or without the State of Delaware, as may from time to time be fixed by the Board of Directors, or as shall be specified or fixed in the respective notices or waivers of notice thereof.

Section 4. NOTICE OF MEETINGS. Notice of each meeting of the stockholders, whether annual or special, shall be given not less than ten nor more than sixty days before the date on which the meeting is to be held to each stockholder of record entitled to vote, by delivering a written or printed notice thereof to him, personally, or by mailing such notice in a postage prepaid envelope addressed to him at his post office address registered with the Corporation. No publication of any notice of a meeting of stockholders shall be required. Every notice of a special meeting of stockholders, besides stating the time and place of the meeting, shall state briefly the purpose or purposes for which the meeting is called.

Section 5. WAIVER OF NOTICE. Regardless of any other provision herein, notice of any meeting of stockholders shall not be required as to any stockholder who shall attend such meeting in person or by proxy; and, if any stockholder shall, in person or by proxy duly authorized, waive notice of any meeting, whether before or after such meeting, notice thereof shall not be required as to him.

Section 6. QUORUM AND REQUIRED VOTE. At any meeting of stockholders at which any action is to be taken or questions decided (including the election of directors), the presence in person or by proxy of the holders of a majority of the votes entitled to be cast at the meeting with respect to such action or question shall constitute a quorum, provided, however, that at such time as shares of the Class B Common Stock become outstanding, with respect to the taking of any action or the deciding of any question as to which either the Common Stock or the Class B Common Stock is entitled to vote separately as a class pursuant to the provisions of the Restated Certificate of Incorporation, the holders of a majority of the votes entitled to be cast by such class voting separately as a class at such meeting shall constitute a quorum. At every such meeting at which a quorum is present for the taking of any action or the deciding of any question, a majority of the votes present or represented shall be necessary to take such action or decide such question, with the Common Stock and the Class B Common Stock voting together without regard to class or separately as a class or classes as may be prescribed by the provisions of the Restated Certificate of Incorporation, provided, however, that with respect to the election of directors pursuant to the provisions of the Restated Certificate of Incorporation and these By-laws, the persons receiving the greatest number of votes, in descending order, shall be elected for the positions to be filled. The absence of a quorum as provided for herein for the taking of any one action or the deciding of any one question shall not prevent the taking of any other action or the deciding of any other question for which a quorum is present.

Section 7. INSPECTORS OF ELECTION. The Corporation shall, in advance of any meeting of stockholders, appoint one or more inspectors of election to act at the meeting and make a written report thereof. The Corporation may designate one or more persons as alternate inspectors to replace any inspector who fails to act. In the event that no inspector so appointed or designated is able to act at a meeting of stockholders, the person presiding at the meeting shall appoint one or more inspectors to act at the meeting. Each inspector, before entering upon the discharge of his or her duties, shall take and sign an oath faithfully to execute the duties of inspector with strict impartiality and according to the best of his or her ability. The inspector or inspectors so appointed or designated shall (i) ascertain the number of shares of capital stock of the Corporation outstanding and the voting power of each such share, (ii) determine the shares of capital stock of the Corporation represented at the meeting and the validity of proxies and ballots, (iii) count all votes and ballots, (iv) determine and retain for a reasonable period a record of the disposition of any challenges made to any determination by the inspectors, and (v) certify their determination of the number of shares of capital stock of the Corporation represented at the meeting and such inspectors' count of all votes and ballots. Such certification

shall specify such other information as may be required by law. In determining the validity and counting of proxies and ballots cast at any meeting of stockholders of the Corporation, the inspectors may consider such information as is permitted by applicable law. No person who is a candidate for an office at an election may serve as an inspector at such election.

Section 8. CONDUCT OF MEETINGS. The date and time of the opening and closing of the polls for each matter upon which the stockholders will vote at a meeting shall be announced at such meeting by the person presiding over the meeting. The Board of Directors of the Corporation may adopt by resolution such rules, regulations or procedures for the conduct of meetings of stockholders as it shall deem appropriate. Except to the extent inconsistent with such rules, regulations or procedures as adopted by the Board of Directors, the chair of any meeting of stockholders shall have the right and authority to prescribe such rules, regulations and procedures and to do all such acts as, in the judgment of such chair, are appropriate for the proper conduct of the meeting. Such rules, regulations or procedures, whether adopted by the Board of Directors or prescribed by the chair of the meeting, may include, without limitation, the following: (1) the establishment of an agenda or order of business for the meeting; (2) rules and procedures for maintaining order at the meeting and the safety of those present; (3) limitations on attendance at or participation in the meeting to the stockholders of record of the Corporation, their duly authorized and constituted proxies or such other persons as the chair shall permit; (4) restrictions on entry to the meeting after the time fixed for the commencement thereof; and (5) limitations on the time allotted to questions or comments by participants. Unless, and to the extent determined by the Board of Directors or the chair of the meeting, meetings of stockholders shall not be required to be held in accordance with rules of parliamentary procedure.

Section 9. NOTICE OF STOCKHOLDER BUSINESS. At an annual meeting of the stockholders, only such business shall be conducted as shall have been properly brought before the meeting. To be properly brought before an annual meeting, business must be (a) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, (b) otherwise properly brought before the meeting by or at the direction of the Board of Directors or by a stockholder or stockholders holding, in the aggregate, at least twenty-five percent (25%) of the outstanding votes entitled to be cast by holders of the Common Stock and Class B Common Stock voting together without regard to class, or (c) otherwise properly requested to be brought before the meeting by a stockholder. For business to be properly requested to be brought before an annual meeting by a stockholder pursuant to (c) above, the stockholder must have given timely notice thereof in writing to the Secretary of the Corporation. To be timely, a stockholder's notice must be

delivered to or mailed and received at the principal executive offices of the Corporation not less than sixty (60) days prior to the meeting; provided, however, that in the event that the date of the meeting is not publicly announced by the Corporation by mail, press release or otherwise more than sixty (60) days prior to the meeting, notice by the stockholder to be timely must be delivered to the Secretary of the Corporation not later than the close of business on the fifteenth (15th) day following the day on which such announcement of the date of the meeting was mailed to stockholders. A stockholder's notice to the Secretary shall set forth as to each matter the stockholder proposes to bring before the annual meeting: (a) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (b) the name and address, as they appear on the Corporation's books, of the stockholder proposing such business, (c) the class and number of shares of the Corporation which are beneficially owned by the stockholder, and (d) any material interest of the stockholder in such business. The chair of an annual meeting, shall, if the facts warrant, determine and declare to the meeting that business was not properly brought before the meeting in accordance with the provisions of this Section 9 of these By-laws, and if he or she should so determine, he or she shall so declare to the meeting and any such business not properly brought before the meeting shall not be transacted.

ARTICLE II - STOCK

Every stockholder shall be entitled to a certificate signed by or having engraved thereon a facsimile signature of the Chief Executive Officer and the Treasurer or an Assistant Treasurer or the Secretary or an Assistant Secretary, certifying the number and class of the Corporation's shares held by such stockholder.

Section 2. TRANSFER AGENTS AND REGISTRARS. The Board of Directors may, in its discretion, appoint responsible banks or trust companies to act as Transfer Agents and Registrars of the stock of the Corporation; and, upon such appointments being made, no stock certificate shall be valid until countersigned by one of such Transfer Agents and registered by one of such Registrars. Where any such certificate is registered with the manual signature of a Registrar, the countersignature of a Transfer Agent may be a facsimile or engraved, stamped or printed.

Section 3. TRANSFER OF STOCK. Shares of stock may be transferred by delivery of the certificates therefor, accompanied either by an assignment in writing on the back of the certificates or by written power of attorney to sell, assign and

transfer the same, signed by the record holder thereof; but no transfer shall affect the right of the Corporation to pay any dividend upon the stock to the holder of record thereof, or to treat the holder of record as the holder in fact thereof for all purposes, and no transfer shall be valid, except between the parties thereto, until such transfer shall have been made upon the books of the Corporation.

Section 4. LOST CERTIFICATES. In case any certificate of stock shall be lost, stolen or destroyed, the Board of Directors, in its discretion, may authorize the issue of, or provide for the manner of issuing, a substitute certificate in place of the certificate so lost, stolen or destroyed; provided, that, in each such case, the applicant for a substitute certificate shall furnish to the Corporation and to such of its Transfer Agents and Registrars as may require the same evidence to their satisfaction, in their discretion, of the loss, theft or destruction of such certificate and of the ownership thereof, and also such security or indemnity as may be required by them.

The Board of Directors may fix a record date for the purpose of determining the stockholders entitled to notice of or to vote at any meeting of stockholders or any adjournment thereof; to receive payment of any dividend or other distribution or allotment of any rights or to exercise any rights in respect of any change, conversion or exchange of stock; or for the purpose of any other lawful action. The record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and the record date shall not be more than sixty (60) days prior to the date of such meeting or such action, or, with respect to any such meeting, less than ten (10) days before the date of such meeting. Only stockholders of record on the record date shall be entitled to notice of and to vote at such meeting, or to receive such dividends or rights, or to exercise such rights, as the case may be. A determination of stockholders of record entitled to notice of or to vote at a meeting of stockholders shall apply to any adjournment of the meeting; provided, however, that the Board of Directors may fix a new record date for the adjourned meeting. The Board of Directors may fix a record date for the purpose of determining the stockholders entitled to consent to corporate action in writing without a meeting, which record date shall not precede the date upon which the resolution fixing the record date is adopted by the Board of Directors, and shall not be more than ten (10) days after the date upon which the resolution fixing the record date is adopted by the Board of Directors.

However, any stockholder entitled to vote in the election of directors generally may nominate one or more persons for election as directors at a meeting as provided for in (d) above only if written notice of such stockholder's intent to make such nomination or nominations has been given, either by personal delivery or by United States mail, postage prepaid, to the Secretary of the Corporation not later than (i) with respect to an election to be held at an annual meeting of stockholders, sixty (60) days prior to the anniversary date of the immediately preceding annual meeting, and (ii) with respect to an election to be held at a special meeting of stockholders for the election of directors, the close of business on the fifteenth (15th) day following the date on which notice of such meeting is first given to stockholders. Each such notice shall set forth: (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Corporation entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission; and (e) the consent of each nominee to serve as a director of the Corporation if so elected. Section 4. STATED MEETINGS. The Board of Directors may by resolution appoint the time and place for holding stated meetings of the Board, if deemed advisable; and such stated meetings shall be held at the time and place so appointed, without the giving of any special notice. In case the day appointed for the stated meeting shall fall on a legal holiday, such meeting shall be held on the next following business day, not a legal holiday, at the same hour.
