MERRILL LYNCH & CO.

The date of this Prospectus Supplement is September 27, 1995.

IN CONNECTION WITH THIS OFFERING, THE UNDERWRITERS MAY OVER-ALLOT OR EFFECT TRANSACTIONS WHICH STABILIZE OR MAINTAIN THE MARKET PRICE OF THE NOTES OFFERED HEREBY AT A LEVEL ABOVE THAT WHICH MIGHT OTHERWISE PREVAIL IN THE OPEN MARKET. SUCH STABILIZING, IF COMMENCED, MAY BE DISCONTINUED AT ANY TIME.

RECENT DEVELOPMENTS

On August 4, 1995, Hershey Foods Corporation (the "Corporation") announced that it had purchased 9,049,773 shares of its common stock from Hershey Trust Company, as Trustee under the deed of trust with Milton S. Hershey and Catherine S. Hershey for the benefit of Milton Hershey School. The Corporation paid \$55.25 per share, or approximately \$500 million for the shares.

USE OF PROCEEDS

The Corporation intends to apply the net proceeds from the sale of the 6.70% Notes due October 1, 2005 (the "Notes") to repay short-term borrowings of the Corporation associated with a common stock repurchase described above under "Recent Developments". Pending utilization by the Corporation, such proceeds may be invested temporarily in short-term marketable securities.

DESCRIPTION OF NOTES

The following description of the particular terms of the Notes offered hereby (referred to in the Prospectus as "Offered Securities") supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of "Debt Securities" set forth in the Prospectus, to which description reference is hereby made. Capitalized terms not otherwise defined herein shall have the meanings given to them in the Prospectus.

GENERAL

The Notes will bear interest from October 2, 1995, payable semiannually on each April 1 and October 1, beginning April 1, 1996, to the persons in whose names the Notes are registered at the close of business on the preceding March 16 and September 15, respectively. The Notes will mature on October 1, 2005.

The Notes offered hereby are in the aggregate principal amount of \$200,000,000 and will be issued only in book-entry form through the facilities of The Depository Trust Company ("DTC"), and will be in denominations of \$1,000 and integral multiples thereof. Transfers or exchanges of beneficial interests in Notes in book-entry form may be effected only through a participating member of DTC. See "Global Securities" below. As described below under "Global Securities", under certain circumstances Notes may be issued in certificated form in exchange for the global securities ("Global Securities"). In the event that Notes are issued in certificated form, such Notes may be transferred or exchanged at the offices described in the immediately following paragraph.

Payments on Notes issued in book-entry form will be made to DTC's nominee as the registered owner of the Global Securities. In the event Notes are issued in certificated form, principal and interest, if any, will be payable, the transfer of the Notes will be registrable, and Notes will be exchangeable for Notes bearing identical terms and provisions at the office of the Trustee in The City of New York designated for such purpose, provided that payment of interest may be made at the option of the Corporation by check mailed to the address of the person entitled thereto as shown on the Securities Register.

The Notes will not be redeemable prior to maturity and do not provide for any sinking fund.

GLOBAL SECURITIES

The Notes will be issued in whole or in part in the form of one or more Global Securities deposited with, or on behalf of DTC, and registered in the name of a nominee of DTC. Owners of beneficial interests in Global Securities will not be entitled to physical delivery of Notes in certificated form except if (x) DTC notifies the Corporation that it is unwilling or unable to continue as depository for such series or at any time ceases to be a clearing agency registered as such under the Securities Exchange Act of 1934 (the "Exchange Act"), (y) the Corporation executes and delivers to the Trustee an officers' certificate providing that the Global Securities shall be so exchangeable or (z) there shall have occurred and be continuing an Event of Default with respect to the Notes. Global Securities may not be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any nominee to a successor of DTC or a nominee of such successor.

DTC has advised the Corporation and the Underwriters as follows: DTC is a limited-purpose trust company organized under the Banking Law of the State of New York, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants in such securities through electronic computerized book-entry changes in accounts of the participants, thereby eliminating the need for physical movement of securities certificates. Direct participants include securities brokers and dealers (including the Underwriters), banks, trust companies, clearing corporations, and certain other organizations ("Direct Participants"). DTC is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly. Persons who are not participants may beneficially own securities held by DTC only through Direct Participants. The rules applicable to DTC and its participants are on file with the Securities and Exchange Commission.

Under the terms of the Indenture, the Company and the Trustee will treat the persons in whose names the Notes are registered as the owners of such Notes for the purpose of receiving payment of principal and interest on such Notes and for all other purposes whatsoever. Therefore, neither the Company nor the Trustee has any direct responsibility or liability for the payment of principal or interest on the Notes to owners of beneficial interests in the Global Securities. DTC has advised the Company and the Trustee that its current practice is to credit the accounts of the participants with payments of principal or interest on the date payable in amounts proportionate to their respective holdings in principal amount of beneficial interests in the Global Securities as shown in the records of DTC, unless DTC has reason to believe that it will not receive payment on such date. Payments by participants and indirect participants to owners of beneficial interests in the Global Securities will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name" and will be the responsibility of the participants or indirect participants.

SAME-DAY SETTLEMENT AND PAYMENT

Settlement for the Notes will be made by the Underwriters in immediately available funds. All payments of principal and interest will be made by the Corporation in immediately available funds.

Secondary trading in long-term notes and debentures of corporate issuers is generally settled in clearing-house or next-day funds. In contrast, the Notes will trade in the Same-Day Funds Settlement

System maintained by DTC until maturity, and secondary market trading activity in the Notes will therefore be required by DTC to settle in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity in the Notes.

The Underwriters propose to offer the Notes in part directly to the public at the initial public offering price set forth on the cover page of this Prospectus Supplement and in part to certain securities dealers at such price less a concession of 0.400% of the principal amount of the Notes. The Underwriters may allow, and such dealers may reallow, a concession not to exceed 0.250% of the principal amount of the Notes to certain brokers and dealers. After the Notes are released for sale to the public, the offering price and other selling terms may from time to time be varied by the Underwriters.

The Notes are a new issue of securities with no established trading market. The Corporation has been advised by the Underwriters that they intend to make a market in the Notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the Notes.

Settlement for the Notes will be made in immediately available funds and all secondary trading in the Notes will settle in immediately available funds. See "Description of Notes--Same-Day Settlement and Payment".

The Corporation has agreed to indemnify the several Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended.

John C. Jamison, a limited partner of Goldman, Sachs & Co., is a director of the Corporation. Goldman, Sachs & Co. and Merrill Lynch, Pierce, Fenner & Smith Incorporated have received fees from the Corporation in connection with providing financial advice and other services to the Corporation from time to time.

Pending utilization by the Corporation, such proceeds may be invested temporarily in short-term marketable securities.

DESCRIPTION OF DEBT SECURITIES

The Debt Securities offered hereby will be issuable in one or more series under an Indenture dated as of February 1, 1991 (the "Indenture") between the Corporation and Citibank, N.A., as Trustee (the "Trustee"). The following statements are subject to the detailed provisions of the Indenture, which is filed as an exhibit to the Registration Statement of which this Prospectus forms a part. Wherever references are made to particular provisions of the Indenture or terms defined therein are referred to, such provisions or definitions are incorporated by reference as a part of the statements made and such statements are qualified in their entirety by such references.

GENERAL

The Indenture does not limit the amount of debt securities which may be issued thereunder. Except as described in "Covenants" below and as otherwise provided in the Prospectus Supplement relating to a particular series of Debt Securities, the Indenture does not limit the amount of other debt, secured or unsecured, which may be issued by the Corporation. The Debt Securities may be issued in one or more series, as may be authorized from time to time by the Corporation (Section 2.5).

Reference is made to the Prospectus Supplement relating to the Offered Securities for the following terms, where applicable, of the Offered Securities: (1) the designation, the aggregate principal amount and the authorized denominations of the Offered Securities; (2) the percentage of

their principal amount at which the Offered Securities will be issued; (3) the currency or currencies (including composite currencies) in which the principal of and interest, if any, on the Offered Securities will be payable; (4) the date or dates on which the Offered Securities will mature; (5) the rate or rates at which the Offered Securities will bear interest, if any, or the method by which such rate or rates will be determined and the date or dates from which such interest will accrue; (6) the dates on which and places at which interest, if any, will be payable and the record dates for payment of such interest; (7) the terms of any mandatory or optional repayment or redemption (including any sinking fund); and (8) any other terms of the Offered Securities (Section 2.5). The Indenture provides that Debt Securities of a single series may be issued at various times, with different maturity dates and may bear interest at different rates (Section 2.5).

The Offered Securities will be unsecured, unsubordinated indebtedness of the Corporation and will rank on a parity with all other unsecured and unsubordinated indebtedness of the Corporation.

Debt Securities of a series may be issued in fully registered form or in the form of one or more Global Securities and, with regard to each series of Debt Securities in respect of which this Prospectus is being delivered, in the denominations set forth in the Prospectus Supplement relating to such series. With regard to each series of Debt Securities, the Corporation will maintain in the Borough of Manhattan, The City of New York and in such other place or places, if any, specified in the Prospectus Supplement relating to such series, an office or agency where the Debt Securities of such series may be transferred or exchanged and may be presented for payment of principal, premium, if any, and interest; provided that if such securities are not Global Securities, at the option of the Corporation, payment of interest may be made by check mailed to the address of the Person entitled thereto as it appears in the register for the Debt Securities (Section 3.2). No service charge will be made for any transfer or exchange of the Debt Securities, but the Corporation may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith (Section 2.10).

Some of the Debt Securities may be issued as discounted Debt Securities (bearing no interest or interest at a rate which at the time of issuance is below market rates) to be sold at a substantial discount below their stated principal amount. Federal income tax consequences and other special considerations applicable to any such discounted Debt Securities will be described in the Prospectus Supplement relating thereto.

DEFINITIONS

"Attributable Debt" is defined, in brief, to mean, as to any lease under which any person is at the time liable, at any date as of which the amount thereof is to be determined, the total net amount of rent required to be paid by such person under such lease during the remaining term thereof (including in respect of contingent rents amounts based on the amount thereof, if any, being paid on the date of determination and excluding amounts on account of maintenance and repairs, insurance, taxes, assessments, water rates and similar charges), discounted from the respective due dates thereof at the weighted average of the rates of interest (and Yields to Maturity, in the case of Original Issue Discount Securities) borne by the Debt Securities then Outstanding, compounded annually (Section 1.1).

"Consolidated Net Tangible Assets" is defined to mean the aggregate amount of assets (less applicable reserves and other properly deductible items) after deducting therefrom (a) all current liabilities (excluding any portion thereof constituting Funded Debt by reason of being renewable or extendible) and (b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, all as set forth on the most recent consolidated balance sheet of the Corporation and its Domestic Subsidiaries, prepared in accordance with generally accepted accounting principles (Section 1.1).

"Debt" is defined to mean any notes, bonds, debentures or other similar evidences of indebtedness for money borrowed and does not include Attributable Debt (Section 1.1).

"Domestic Subsidiary" is defined to mean a subsidiary of the Corporation except a subsidiary (a) which neither transacts any substantial portion of its business nor regularly maintains any substantial portion of its fixed assets within the States of the United States, or (b) the principal purpose of which is to engage in financing the operations of the Corporation or its subsidiaries, or both, outside the States of the United States (Section 1.1).

"Funded Debt" is defined to mean all indebtedness for money borrowed having a maturity of more than 12 months from the date as of which the amount thereof is to be determined or having a maturity of less than 12 months but by its terms being renewable or extendible beyond 12 months from such date at the option of the borrower (Section 1.1).

"Government Obligations" is defined to mean either (i) direct obligations of the United States of America for the payment of which its full faith and credit is pledged or (ii) obligations of a person controlled or supervised by and acting as an agency or instrumentality of the United States of America, the payment of which is unconditionally guaranteed as a full faith and credit obligation of the United States of America, which, in either case, are not callable or redeemable at the option of the issuer thereof (Section 13.1).

"Mortgage" is defined to mean any pledge, mortgage, lien, encumbrance or security interest (Section 1.1).

"Principal Domestic Operating Property" is defined, in brief, to mean any land or any facility (together with the land on which it is erected and fixtures comprising a part thereof) located in the United States used primarily for manufacturing, processing or production, owned or leased by the Corporation or any subsidiary of the Corporation and having a gross book value in excess of 2% of Consolidated Net Tangible Assets of the Corporation and its Domestic Subsidiaries other than any such land, facility or portion thereof which in the opinion of the Board of Directors of the Corporation, is not of material importance to the total business conducted by the Corporation and its subsidiaries as an entity (Section 1.1).

"Subsidiary of the Corporation" is defined to mean a corporation a majority of the outstanding voting stock (as defined) of which is owned, directly or indirectly, by the Corporation or by one or more subsidiaries of the Corporation (Section 1.1).

Other capitalized terms used in this "Description of Debt Securities" have the meanings given them in the Indenture, unless otherwise indicated or unless the context otherwise requires.

COVENANTS

Limitation on Liens

If the Corporation or any Domestic Subsidiary shall incur, issue, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Operating Property or on any shares of stock or Debt, held by the Corporation or any Domestic Subsidiary, of any Domestic Subsidiary, the Corporation will secure, or cause such Domestic Subsidiary to secure, the Debt Securities equally and ratably with (or prior to) such Debt, unless after giving effect thereto the aggregate amount of all such Debt so secured together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Operating Properties would not exceed 10% of the Consolidated Net Tangible Assets of the Corporation and its Domestic Subsidiaries. This restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of such restriction, Debt secured by (a) Mortgages on property of, or on any shares of stock or Debt of, any corporation existing at the

time such corporation becomes a Domestic Subsidiary, (b) Mortgages in favor of the Corporation or any Domestic Subsidiary, (c) Mortgages in favor of U.S. governmental bodies to secure progress, advance or other payments pursuant to any contract or provision of any statute, (d) Mortgages on property, shares of stock or Debt existing at the time of acquisition thereof (including acquisition through merger or consolidation), purchase money Mortgages and construction cost Mortgages, and (e) any extension, renewal or refunding of any Mortgage referred to in the foregoing clauses (a) through (d), inclusive (Section 3.4). The Indenture will not restrict the incurrence of unsecured debt by the Corporation or its subsidiaries.

Merger and Consolidation

The Indenture will provide that no consolidation or merger of the Corporation with or into any other corporation and no sale or conveyance of its property as an entirety, or substantially as an entirety, may be made to another corporation if, as a result thereof, any Principal Domestic Operating Property or any shares of stock or Debt, held by the Corporation or any Domestic Subsidiary, of a Domestic Subsidiary would become subject to a Mortgage, unless either (i) the Debt Securities shall be equally and ratably secured with (or prior to) the Debt secured by such Mortgage or (ii) such Mortgage could be created pursuant to Section 3.4 (See "Limitation on Liens" above) without equally and ratably securing the Debt Securities (Section 9.3). In addition, as a result of the consolidation, merger or conveyance, either the Corporation shall be the continuing corporation or the successor corporation shall be a corporation organized and existing under the laws of the United States or a state thereof and the successor corporation shall expressly assume the due and punctual payment of principal of (and premium, if any) and interest on all Debt Securities and the Corporation's obligations under the Indenture in a supplemental indenture satisfactory to the Trustee (Section 9.1).

Limitations on Sales and Leasebacks

Neither the Corporation nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Operating Property, completion of construction and commencement of full operation of which has occurred more than 120 days prior thereto, unless (a) the Corporation or such Domestic Subsidiary could mortgage such property pursuant to Section 3.4 (see "Limitation on Liens" above) in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the Debt Securities or (b) the Corporation, within 120 days after completion of the sale and leaseback transaction, applies to the retirement of its Funded Debt an amount (subject to credits for certain voluntary retirements of Funded Debt) not less than the greater of (i) the net proceeds of the sale of the Principal Domestic Operating Property so leased or (ii) the fair market value of the Principal Domestic Operating Property so leased. This restriction will not apply to any sale and leaseback transaction (a) between the Corporation and a Domestic Subsidiary or between Domestic Subsidiaries or (b) involving the taking back of a lease for a period of not more than three years (Section 3.5).

Unless otherwise indicated in a Prospectus Supplement, certain of the covenants described above would not necessarily afford holders of the Debt Securities protection in the event of a highly leveraged transaction involving the Corporation, such as a leveraged buyout. In this regard, however, it should be noted that voting control of the Corporation is held by Hershey Trust Company, as Trustee for Milton Hershey School (the "Hershey Trust"), which holds approximately 77 percent of the combined voting power of both classes of the Corporation's outstanding common stock. The Hershey Trust has maintained voting control of the Corporation since 1918 and has stated that it has no interest in selling its controlling shares in the Corporation.

EVENTS OF DEFAULT, WAIVER AND NOTICE

Except as may otherwise be provided in the Prospectus Supplement, as to any series of Debt Securities, an Event of Default is defined in the Indenture as (a) default in the payment of any

installment of interest, if any, on the Debt Securities of such series when due and the continuance of such default for a period of 30 days; (b) default in payment of the principal of (and premium, if any, on) any of the Debt Securities of such series when due, whether at maturity, upon redemption, by declaration or otherwise; (c) default in the payment of a sinking fund installment, if any, on the Debt Securities of such series when due; (d) default by the Corporation in the performance of any other covenant or agreement contained in the Indenture, other than a covenant expressly included in the Indenture solely for the benefit of series of Debt Securities other than such series, and the continuance of such default for a period of 60 days after appropriate notice; (e) certain events of bankruptcy, insolvency and reorganization of the Corporation; and (f) any other Event of Default established with respect to Debt Securities of that series (Sections 2.5 and 5.1).

An Event of Default with respect to a particular series of Debt Securities issued under the Indenture does not necessarily constitute an Event of Default with respect to any other series of Debt Securities issued thereunder.

The Indenture provides that the Trustee shall, within 90 days after the occurrence of a default with respect to Debt Securities of any series, give all the holders of Debt Securities of such series then outstanding notice of all uncured defaults known to it (the term default to mean the events specified above, not including grace periods); provided that, except in the case of a default in the payment of principal of (and premium, if any) or interest, if any, on any Debt Security of any series, or in the payment of any sinking fund installment with respect to Debt Securities of any series, the Trustee shall be protected in withholding such notice if it in good faith determines that the withholding of such notice is in the interest of all the holders of Debt Securities of such series then outstanding (Section 5.11).

The Indenture provides that if an Event of Default with respect to any series of Debt Securities shall have occurred and be continuing, either the Trustee or the holders of at least 25% in principal amount (calculated as provided in the Indenture) of the Debt Securities of such series then outstanding may declare the principal (or, in the case of Original Issue Discount Securities, the portion thereof as may be specified in the Prospectus Supplement relating to such series) of all of the Debt Securities of such series and the interest accrued thereon, if any, to be due and payable immediately (Section 5.1).

Upon certain conditions such declarations of acceleration with respect to Debt Securities of any series may be annulled and past defaults (except for defaults in the payment of principal (or premium, if any) or interest, if any, on such Debt Securities not theretofore cured or in respect of a covenant or provision of the Indenture which cannot be amended or modified without the consent of the holder of each outstanding Debt Security of that series affected) may be waived with respect to such series by the holders of not less than a majority in principal amount (calculated as provided in the Indenture) of the Debt Securities of such series then outstanding (Section 5.10).

The Indenture requires that the Corporation file with the Trustee annually a written statement as to the presence or absence of certain defaults under the terms thereof and as to performance and fulfillment of certain covenants or agreements therein (Section 3.6).

The Indenture provides that the holders of not less than a majority in principal amount (calculated as provided in the Indenture) of the Debt Securities of any series then outstanding shall have the right to direct the time, method and place of conducting any proceeding or remedy available to the Trustee, or exercising any trust or power conferred on the Trustee by the Indenture with respect to defaults or Events of Default with respect to Debt Securities of such series (Section 5.9).

The Indenture provides that the Trustee shall be under no obligation, subject to the duty of the Trustee during default to act with the required standard of care, to exercise any of the rights or powers vested in it by the Indenture at the direction of the holders of Debt Securities unless such holders shall have offered to the Trustee reasonable security or indemnity against expenses and liabilities (Section 6.2).

DEFEASANCE

The Indenture provides that the Corporation may terminate its obligations under Sections 3.4, 3.5 and 9.3 of the Indenture (being the restrictions described under "Covenants--Limitation on Liens" and "--Limitations on Sales and Leasebacks" and the first sentence under "Covenants--Merger and Consolidation" above) with respect to the Debt Securities of any series, on the terms and subject to the conditions contained in the Indenture, by depositing in trust with the Trustee money or Government Obligations sufficient to pay the principal of (and premium, if any) and interest on the Debt Securities of such series and any mandatory sinking fund or analogous payments thereon, on the scheduled due dates therefor. Such deposit and termination is conditioned upon, among other things, the Corporation's delivery of an opinion of counsel that the holders of the Debt Securities of such series will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and termination and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case had such deposit and termination not occurred. Such termination will not relieve the Corporation of its obligation to pay when due the principal of or interest on the Debt Securities of such series if the Debt Securities of such series are not paid from the money or Government Obligations held by the Trustee for the payment thereof (Section 13.1).

MODIFICATION OF THE INDENTURE

The Indenture contains provisions permitting the Corporation and the Trustee, with the consent of the holders of not less than 66 2/3% in principal amount (calculated as provided in the Indenture) of the outstanding Debt Securities of each series affected by such modification, to modify the Indenture or any supplemental indenture or the rights of the holders of the Debt Securities of any series; provided that no such modification shall, without the consent of the holders of each Debt Security affected thereby, extend the maturity of any Debt Security, or reduce the principal amount thereof, or reduce the rate or extend the time of payment of interest thereon, or reduce the portion of the principal amount of an Original Issue Discount Security due and payable upon acceleration of the maturity thereof or the portion of the principal amount thereof provable in bankruptcy, or reduce any amount payable upon redemption of any Debt Security, or reduce the overdue rate thereof, or impair any right of repayment at the option of the holder of any Debt Security or change the currency of payment of principal or interest on any Debt Security or reduce the percentage in principal amount of Outstanding Debt Securities of any series the consent of the holders of which is required for modification or amendment of the Indenture or for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults (Section 8.2).

The holders of 66 2/3% in principal amount of the Outstanding Debt Securities of any series may on behalf of the holders of all Debt Securities of such series waive, insofar as that series is concerned, compliance by the Corporation with certain restrictive provisions (Limitation on Liens and Limitations on Sales and Leasebacks) of the Indenture (Section 3.8).

The Indenture also permits the Corporation and the Trustee to amend the Indenture in certain circumstances without the consent of the holders of any Debt Securities to evidence the merger of the Corporation or the replacement of the Trustee and for certain other purposes (Section 8.1).

REGARDING THE TRUSTEE

The Trustee extends credit facilities to the Corporation and the Corporation maintains bank accounts, borrows money and has other customary banking relationships with the Trustee, all in the ordinary course of business.

PLAN OF DISTRIBUTION

The Corporation may sell Debt Securities to or through underwriters, and also may sell Debt Securities directly to other purchasers or through agents. Such underwriters may include Goldman,

Sachs & Co. and/or Merrill Lynch, Pierce, Fenner & Smith Incorporated, or a group of underwriters represented by firms including one or both of such firms. Such firms may also act as agents.

The distribution of Debt Securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

In connection with the sale of Debt Securities, underwriters may receive compensation from the Corporation or from purchasers of Debt Securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell Debt Securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of Debt Securities may be deemed to be underwriters, and any discounts or commissions received by them from the Corporation and any profit on the resale of Debt Securities by them may be deemed to be underwriting discounts and commissions under the Securities Act. Any such underwriter or agent will be identified, and any such compensation received from the Corporation will be described in the Prospectus Supplement.

Under agreements which may be entered into by the Corporation, underwriters and agents who participate in the distribution of Debt Securities may be entitled to indemnification by the Corporation against certain liabilities, including liabilities under the Securities Act.

If so indicated in the Prospectus Supplement, the Corporation will authorize underwriters or other persons acting as the Corporation's agents to solicit offers by certain institutions to purchase Debt Securities from the Corporation pursuant to contracts providing for payment and delivery on a future date. Institutions with which such contracts may be made include commercial savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases such institutions must be approved by the Corporation. The obligations of any purchaser under any such contract will be subject to the condition that the purchase of the Offered Securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts.

VALIDITY OF OFFERED SECURITIES

Certain legal matters with respect to the Offered Securities will be passed upon for the Corporation by Robert M. Reese, Vice President and General Counsel of the Corporation. Mr. Reese, as of September 30, 1993, was the beneficial owner of 17,021.34 shares of the Corporation's Common Stock and held options to purchase 15,200 additional shares.
